

SKYCLIMB 12-POINT CRAMPONS

kombi binding

Art.no.: SC12K

You love classic and extreme alpine tours, high-alpine climbing and combined tours and are still looking for the right equipment for your feet? Then our SKYCLIMB are the right thing for you! These resilient 12-point-crampons made of steel with COMBI binding are suitable for partly crampon-compatible shoes, whereby also big feet are no problem. Our SKYCLIMB is size adjustable via its movable center bar and a snap-in feather. The bulbous shape of the anti-bot plates contributes to the removal of snow sticking to the shoe sole.

use cases:

ice climbing, mountain sports
